

WORKSHOP

EGNOS breakthrough in the road

**9 November 2011, Roma Eventi - Fontana di Trevi
Piazza della Pilotta, 4 - Rome (Italy)**

In the context of the EasyWay Annual Forum in Rome, SCUTUM holds its final workshop.

Divided in two parts, the event marks the end of the project and gives the opportunity to get to know real and outstanding examples of EGNOS business cases for the road market.

In the first part, keynote speakers present the results of the SCUTUM project and other European experiences. In the second part, during a round table major stakeholders share their views and best practices related to EGNOS.
